

Commercial Pest Prevention for Food Processing Facilities.

AUDIT-READY PROTECTION. ZERO-DISRUPTION.

Food processing and agricultural facilities are focused on producing safe, high-quality products while maintaining compliance with customer, regulatory and third-party audit requirements.

Turner Pest Control partners with food processing and agricultural operations across Florida to help support food safety programs through early detection, ongoing monitoring and pest management programs designed to maintain audit readiness.

A Prevention-First Approach Built for Food Processing & Agriculture

IDENTIFY

Facility-specific risk conditions, production areas and storage environments

MONITOR

High-risk locations and pest activity trends

PREVENT

Targeted treatment, exclusion and proactive recommendations

DOCUMENT

Detailed reporting and inspection-ready documentation

Helping support food safety programs, audit readiness and operational confidence.

Food Industry Commercial Services
